

AL-Tuwaijri

Altuwaijri Industrial Equipment co.

Model:

KDT-305 (380V/60HZ/3PH)

Description:

MANUAL EDGE BANDER

The universal edgebander **KDT-305** is designed for facing straight and curved edges of furniture panels and blanks with natural strip and synthetic roll material.

DISTINCTIVE FEATURES

- Two operating modes, processing of straight / curved parts with automatic cutting of the edge and from the pedal.
- The glue unit with the lower location of the glue bath eliminates the appearance of excess glue on the desktop.
- Large table, adjustable height.
- The filing of the edging material in the gluing area is carried out automatically from the store.
- The feed rate is regulated by the inverter.
- Air preparation unit with a water separator and a grease fitting for automatic lubrication of the entire pneumatic system of the machine.
